

Prosper Business Security Checklist

■ Prosper Warehouse Security Checklist

- 1 Install Grade 1 commercial locks with reinforced strike plates and door frames.
- 2 Use tamper-proof hinges and automatic door closers on all exterior doors.
- 3 Secure loading docks with restricted key or electronic deadbolt systems.
- 4 Implement key-card or fob access for authorized employees only.
- 5 Use Medeco or Mul-T-Lock cylinders for high-security interior areas.
- 6 Schedule annual fire and safety inspections for compliance.
- 7 Maintain an emergency locksmith contact for downtime prevention.

■ Prosper Storefront Security Checklist

- 1 Use ADA-compliant locks and keypads on front glass doors.
- 2 Reinforce rear entrances with peepholes and motion lighting.
- 3 Secure cash-handling areas with Grade 1 deadbolts or keypad locks.
- 4 Apply security film on windows and install rolling shutters.
- 5 Maintain a detailed key log and rekey after employee changes.
- 6 Review lock and alarm systems every six months with a commercial locksmith.

■ Prosper Business Tips

- 1 Rekey or update locks annually or after staff turnover.
- 2 Smart locks are compatible with glass storefront doors when installed professionally.
- 3 Ensure all exit doors meet Prosper's fire-safety code requirements.

Partnering with a trusted commercial locksmith in Prosper helps businesses stay compliant, reduce risk, and protect employees and assets.

Whether you manage a warehouse or a retail store, security starts with professional-grade locks and regular maintenance.
